

# Blueberry River Restoration Society

## ***Open Call to BRFN Artisans***

We are looking for unique ideas we can purchase as gifts. Whether you create jewelry, beadwork, sculptures, paintings or other works inspired by traditional and cultural heritage, we want to learn about what you create.

We honour the strength of Indigenous artistry and cultural expression. If your work carries the heart of your heritage, reflects intergenerational knowledge, and uplifts community identity, we'd love to connect.

When reaching out, we kindly invite you to include the following details to help us better understand and appreciate your work:

- Pricing or an estimated cost for your creations
- The lead time you typically require for orders
- Photographs showcasing your artistic creations

We deeply value the time, skill, and cultural meaning behind each piece you create.
